The Department of Health (DOH) today announced that PhilHealth has issued guidelines on “case-based payment of benefits” (PhilHealth Circular 2020-0009- Benefit Packages for Inpatient Care of Probable and Confirmed COVID-19 Developing Severe Illnesses/Outcomes) for COVID-19 patients.

“This is part of PhilHealth’s mandate to ensure that all Filipinos have equitable access to quality, affordable and accessible health care services,” Health OIC-Undersecretary Maria Rosario Vergere said during the Beat COVID-19 Virtual Presser that featured Dr. Shirley Domingo, PhilHealth Vice President for the Corporate Affairs Group as its guest. According to Dr. Domingo, patients confined as probable or confirmed cases can avail of the benefit packages as follows: PHP 43,997 package for patients with mild pneumonia confined in Level 1 to 3 hospitals; PHP 143,267 package for those with moderate pneumonia in Level 1 to 3 hospitals; PHP 333,519 package for patients with severe pneumonia confined in Level 2 to 3 hospitals, including ICUs; and P786,384 package for patients with critical pneumonia confined in Level 2 to 3 hospitals, including ICUs. These packages cover the rates for a private hospital room, management and monitoring of illness, laboratory, diagnostics and imaging, medicines included in the guidelines and protocol of the DOH, and supplies and equipment, including PPEs. “Tuloy-tuloy ang (Turn to page 2)

DILG to LGUs, PNP: Close non-essential business operations

The Department of the Interior and Local Government (DILG) is directing local government units (LGUs) and the Philippine National Police (PNP) to strictly enforce the closure of non-essential business establishments while the enhanced community quarantine (ECQ) is still being implemented until April 30 in Luzon amidst the coronavirus disease 2019 (Covid-19) pandemic. There is no partial lifting whatsoever. Our country will heal as one if and only if the government, the private establishments that

Dr. Domingo further stressed that with the passage of the Universal Health Care Law, all Filipinos are now automatically members of PhilHealth and are immediately eligible to avail of the mentioned benefits. They only need to accomplish the PhilHealth Member Registration Form (PMRF) and present with two valid IDs. Existing members with missed contributions remain eligible to avail of the COVID-19 benefits. The PhilHealth Spokesperson also appealed to health facilities not to require deposits or

Mass testing in Bacoor City has been started lat April 14. The suspected patients for Covid-19 who were in quarantine facility were the first in swab testing.

There will be two classes of tests: Nasopharyngeal swab (NPS) and Oropharyngeal swab (OPS) to do with our patients. Expected to know the results immediately after 2 to 3 days. City Health Office leads the Provincial Health Office and Department of Health to swab testing in Bacoor. So far there are 36 suspected patients to be placed in swab testing and can add more in the following days. Probable and suspected patients will remain in quarantine facilities and home quarantine while the day they are not yet over.

The penalty for violating Article 151 of the RPC is arresto mayor, or imprisonment of one month and one day to six months, and a fine not exceeding P100,000. The Department of Justice has also earlier announced that any violation during the ECQ may also be punishable under Republic Act No. 11332 or the Mandatory Reporting of Notifiable Diseases and Health Events of Public Health Concern Act. Among the prohibited acts under RA 11332 is non-cooperation of persons and entities that should report and/or respond to notifiable diseases or health events of public concern. If found guilty, there will be a penalty of not more than six (6) months imprisonment or a fine of not more than P50,000. The DILG Secretary also clarified that police officers and the armed forces are protectors of public

safety as well as public health. "Katuwang po natin sila sa pagprotekta sa kaligtasan at kapakanan ng lahat at pagsisigurong naipapatupad ang batas. Ang kalaban natin ay ang Covid-19, hindi ang pulisya't militar at hindi ang gobyerno." He said that non-essential businesses that are breaking the ECQ and opening their stores would jeopardize the efforts of the government and will waste all the gains we have so far achieved. Economic concerns According to DILG Spokesperson and Under-secretary Jonathan E. Malaya, the DILG is actively working with the members of the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF-MEID) in studying how to balance the economic concerns and interests with the imposition of the ECQ. "The government is taking into account the impact of the ECQ to our national and local economies. The IATF is carefully studying the next steps but one thing for sure is that we have to exercise caution and prudence regarding the partial lifting of the ECQ after April 30. We are optimistic but we must always base our recommendations to the President on scientific evidence," he said. The DILG, he said, commends the generosity of the private sector in contributing to the efforts of the government through their donations and social projects. "It is really the time to think of sharing, instead of 'business as usual'," he said. Source: dilg.gov.ph
