Sulong EduKalidad a move to innovate PH education, says Briones

With the future uncertain due to the rise of advanced technologies, Secretary Leonor Magtolis Briones on Wednesday cited Sulong EduKalidad program as the DepEd's move to innovate Philippine education in response to a 'world drastically changing.'

"Civilization can only move forward through innovation. We should start [teaching] innovation not in the university level, but in the basic education level. The notion of innovation, the desire for knowledge, of creating something helpful out of what is going on around us have to be inculcated to our learners," Secretary Briones said at the 2020 Innovation Forum: Innovation in Basic Education hosted by the Department of Science and Technology (DOST) at the PHIVOLCS Building, Diliman.

"We have to change the way we teach our learners. We have to prepare them for a world that is drastically changing," Briones emphasized.

The Education chief underscored the importance of the ongoing DepEd innovation in raising the quality of the country's basic education to address the challenge to change the way learners are taught; to produce new breed of learners; to upgrade capacity of teachers; and to improve facilities and equipment.

Sulong EduKalidad focuses on four aggressive reforms in basic education: (1) K to 12 curriculum review and update, (2) Improving learning environment, (3) Teachers upskilling and reskilling, and (4) Engagement of stakeholders for support and collaboration.

Briones noted that

CITY OF DASMARIÑAS INAUGURATED THE FIRST PUBLIC COLUMBARIUM

On February 07, 2020, Cong. Pidi and Mayor Jenny Barzaga led the inauguration of Dasca Kolumbaryo at Panteon De Dasmariñas with Rev. Teofilo Pery as the officiating priest. Joining the ceremony were Board Member Jun Dela Cuesta, Vice Mayor Raul Rex Mangubat, City Councilors, Barangay Captains, and members of Kababaihan ng Dasmariñas sa Bagong Milenyo (KDBM) and Green Ladies.

The Dasca Kolumbaryo which is touted as the first public columbarium in the country holds around 8,880 urn vaults. In her speech, Mayor Jenny announced the noble aim of the project: kababayan. Alam natin na mahal ang cremation; sabi nga nila pangmaya-ium man ang pagpapalibing sa bilang tulong sa ating mga

(From page 1) city is inevitable and if the columbarium pero sa ating City Government will not enforce a strict exclusionary measure, all the urn slots in the columbarium will be easily and quickly occupied. Moreover, he said that those who are mentioned service is given the option to avail of only one program being offered by the City Government which is either the 'Free Funeral Program' or 'Free Interment Service'. The free interment service covers the urn and the free use of viewing area at Panteon De Dasmariñas. However, the relatives of the deceased cannot choose which columbarium vault is to be used as occupancy of the niches shall start from the lowest bottom, from the left to the right, going up until all urn vaults are occupied. The Dasca Kolumbario is indeed a testament of the commitment of the City Government to address the burden of costly funeral expenses among our constituents. Truly, providing quality service to Dasmariñeños remains to be the thrust of city leaders! <https://www.facebook.com/barzagapidi>

DOH UPDATES THE PUBLIC ON THE COVID-19 HEALTH EVENT

The Department of Health (DOH) has adopted "Coronavirus Disease 2019 (COVID-19)" for the name of the disease caused by the Novel Coronavirus. This came after the World Health Organization, in collaboration with the World Organisation for Animal Health and the Food and Agriculture Organization of the United Nations, agreed to name the disease in a manner that will minimize cultural, social, and geographical stigma. The WHO categorized the COVID-19 Health Event as "High Risk" regionally and globally, with a total of 43,103 confirmed cases in 24 countries. Local transmission of the disease was also reported in Singapore, Japan, Thailand, Hong Kong, Germany, France, Vietnam, South Korea, and Australia. "We can already see that local transmission is happening in other countries. These developments are compelling reasons to prepare mitigation mechanisms for the possibility of community spread. We are continuously assessing the situation and crafting our own guidelines, based on available evidence, to combat the threat of the COVID-19," Health Secretary Francisco T. Duque III said. Updates on Repatriates under Quarantine Yesterday, two repatriates (1-year-old male and 34-year-old female) were brought to Jose B. Lingad Memorial General Hospital due to diarrhea and abdominal discomfort. Both tested negative for the 2019-nCoV and will be sent back to New Clark City to complete the 14-day quarantine period. "We are checking on our repatriates twice a day to ensure that they are properly being cared for, and we will be providing sim and cell cards for those who don't have mobile access within the facility. Daily activities are organized to keep them busy and lessen their boredom. We are likewise facilitating psychosocial processing to ensure their mental well-being," Duque assured. Updates on Patients Under Investigation (Turn to page 4)

Sulong EduKalidad a move to innovate PH education, says Briones

(From page 6)

the Department has started changing its learners assessment approach from fact-based questions to real world problem solving and application. "The only constant in education is change. The more we prepare our learners before going out to a world where practices and principles are already different, then they will be in a better position to accept and look for innovation," she said.

On DOST's part, Secretary Fortunato Dela Peña reiterated his agency's support to DepEd's advocacy to equip Filipino learners 21st Century skills. "We support the two current programs of DepEd; the Last Mile Schools, which is more on access, and the very important Sulong EduKalidad, where I think these innovations in basic education will fit very well," Sec. Dela Peña said. doh.gov.ph

Don't smoke.

Smokers are more susceptible to infections such as pneumonia and influenza, have more severe and longer-lasting illnesses, and have lower levels of protective antioxidants (such as vitamin C) in the blood.

President Duterte address the public to be calm and vigilant over virus scare

President Rodrigo Duterte has appealed to the nation to remain calm and vigilant as the highly contagious 2019 Novel Coronavirus Disease (COVID-19) asks the people to shun disinformation and observe strict personal hygiene. In his video message aired by the Radio TV Malacanang, the President called on the Filipinos to stay vigilant and follow the guidelines by the local health authorities as well as the World Health Organization (WHO). "I call on our people to remain calm, vigilant, responsible and I also ask your trust, cooperation, and support as we face the challenge. Tayo ay magkaisa, together as one nation... this challenge can be overcome," President Duterte said in his message to the nation. "Maging manlinis. Hugasan 'yung kamay frequently." The President has assured the public that the government is working with the WHO, medical organizations and its partners in the private sector to address the challenge posed by COVID-19. He also warned against disinformation, advising the public to rely on credible sources of information such as the WHO. "Maging maingat at 'yung mga impormasyon na importante na manggaling sa WHO ay ating pakipangan at huwag makinig d'yan sa mga haka-haka," he said. "Sa gobyerno kayo nakatutok. Nandyang ang totoo sa gobyerno, wala

PROTEKTAHAN ANG SARILI LABAN SA 2019-nCoV

Kung maari ay umiwas muna sa mga matataong lugar.

Panatilihin ang isang metro ng layo sa mga taong may sintomas ng ubo't sipon o sakit sa baga.

Maghugas lagi ng kamay gamit ang sabon at umaagos na tubig o magpahid ng alcohol-based na sanitizer

Takpan ang ilong at bibig sa tuwing babahing at ubo. Gamitin ang tissue, panyo, o ang looban ng siko

Iwasang hawakan ang ilong at bibig. Ugaling maghugas lagi ng mga kamay.

Gumamit ng face mask kung ikaw ay may ubo't sipon, o kaya naman ay may inaalaang pasyente na mayroong sintomas ng respiratory illness.
