The easing of the community quarantine across the Philippines is a huge breath of relief for many Filipinos whose lives and livelihoods have been displaced, but experts from the academic community caution that day-to-day behavior has to change until a vaccine is found.

In the May 16 media Philippines (UP) professor, and the public to practice forum, medical anthropologist and University of the Philippines (UP) professor, Dr. Michael Tan, appealed healthy behaviors while to both the government (Turn to page 2)

together." said Tan. "We know of course that the biggest fear is, kung na-lift na ang quarantine sa iba't-ibang lugar, mangyayari ang tulad ng karanasan sa ibang bansa na nagsi-spike ulit [ang cases], minsan dahil lang sa maliit na bagay, katulad nung [sa] South Korea," commenting on how the country's opening of bars and nightclubs contributed to a resurgence of cases. Tan expressed his confidence that the government's measures, such as the quarantine, "made a difference" while the country ramps up its testing capacity and better prepares the healthcare system. He also called on government agencies to closely study urban housing programs as a long-term policy response to protect poor and other vulnerable individuals. Tan has also been impressed by the increase in small and micro-scale entrepreneurs, such as street-side sellers who have begun selling health-related products to prevent further transmission.

"Marami tayong napulot dito sa lockdown, nung nakakulong tayo sa bahay o na-limit ang movements natin — hindi pala kailangan na once a week ang supermarket, hindi kailangan araw-araw yung mall — we are learning to differentiate iba yung pangailangan at iba yung gusto natin," he said.

However, he also stressed that from a socio-cultural perspective, there are many common Filipino habits that could be revisited in response to the pandemic. According to Tan, the public needs to

be reminded on the proper use of face masks. "Nakita ko pa rin ang mga tao na humahawak sa face mask, at nakakatakot iyan ano kasi baka marumi ang kamay ninyo at pinapahid nyo pa sa mukha nyo," said Tan. "We also know, 1 of 2 kasi Filipino nga tayo, kapag kausap tayo ng isang tao, at first may mask, pero after a short-while, naku po kung nakilala na natin, kababayan pala, naku, binababa na yung mask."

He also reiterated the importance of proper cough etiquette to avoid droplet transmission and to avoid being, what he playfully dubs as a "durarista." Public spitting is very common in the Philippines. Tan says that irresponsible spitting encourages the spread of the virus and assures the public that refraining from spitting will have no adverse effects on their health. Recognizing that millions have been hit hard due to the disruption of livelihoods, Tan called on social solidarity and compassion by considering quarantine measures as "kanlungan, hindi kulungan."

"Dito sa COVID-19, nagwarning ang mga doctor na vulnerable ang mga tao na may pre-existing conditions. Ang tingin ko ang bansa natin may pre-existing conditions din," he said. "Maraming nawalan ng trabaho, we do not have figures yet, but I'm sure it's in the millions. It's very heartbreaking."

"Hindi totoo na pasaway tayo, makukuha ang Pilipino sa pakiusap," he furthered, referring to rising tensions caused by misunderstandings between the public and authorities. "Punong puno na din lang siguro. Sa US, punong puno ang beaches, yan ang pasaway."

"Magisip muna bago bumanat," added Tan. "Mahirap kung puro ranting lang gagawin."

Tan also appealed to local government officials to be more compassionate about home quarantine and consider allowing the use of designated safe spaces for fresh air, sunlight, and exercise for the people's immune systems and general health.

Under the Omnibus Guidelines on the Implementation of Community Quarantine in the Philippines recently issued by the Inter-Agency Task Force, individual outdoor exercises such as outdoor walks, jogging, running, or biking are allowed within MECQ areas provided that the minimum health standards and precautions such as the wearing of masks and the maintenance of ph discancing protocols are observed. Absent any cure or vaccine, COVID-19 will not be going away anytime soon. The country will have to continue many of the current measures on expanded targeted testing, isolation and treatment of patients. Tan also emphasized that compassion should still be at the heart of everyone's actions.

"We have to start with ourselves, start to learn to be more considerate, we have to start to be kinder," said Tan. "Pagmamalasakit, yan ang panlaban natin sa COVID-19". Source: doh.gov.ph

DILG: 183 brgy execs iimbestigahan ng PNP dahil sa katiwalian diumano sa pamamahagi ng cash aid

Sinabi ng Department of the Interior and Local Government (DILG) na may 183 na opisyal ng barangay ang iniimbestigahan ngayon ng PNP-Criminal Investigation and Detection Group dahil sa diumano'y graft and corruption sa pamamahagi ng cash aid sa ilalim ng social amelioration program.

Sinabi ni DILG Secretary Eduardo M. Año na kasunod ng pag-anunsyo ng Pangulo ng isang ating kapulisan sa pagdang mga mandarambong

insidente ng mga opisyal ng barangay na sangkot sa katiwalian sa pamamahagi ng SAP, dumagsa ang mga reklamo sa mga hotlines ng DILG at DSWD at dahil dito, sinimulan nang imbestigahan ng PNP-CIDG ang may 183 opisyal ng barangay.

"Sa dami ng reklamang natanggap natin, 183 na ang iniimbestigahan ng ating kapulisan dahil may isiwalat habang kasalukuyang isinasagawa ang pagsisiyasat. Hindi titigil ang Ayon pa sa kanya, maraming mga reklamo ang dumarating patungkol

na mga barangay official na siyang talagang virus ng lipunan. Ito ang mga uri ng pagdakip na kating-kati gawin ng ating PNP dahil talagang gigil din sila sa mga tiwaling mga opisyal," paliwanag ni Año.

Sinabi niya na ang mga pagkakakilanlan ng 183 mga opisyal ng barangay ay hindi maaaring isiwalat habang kasalukuyang isinasagawa ang pagsisiyasat. Ayon pa sa kanya, unang linggo pa lamang ng

sa parehong opisyal ng barangay kaya patong-patong ang mga report. "Madaming reklamo pero iniisa-isa na namin para makita ang mga kaso na may basehan, kaya sa ngayon, mayroon na tayong iniimbestigahan na 183 cases." "Binabalaan ko kayo, kung nag-iisip kayo na mangulimat ng mga tulong na para sa mga barangay ninyo, hahabulin namin kayo," dagdag niya. Sinabi din niya na sa kasunod ng isang masusing pagsisiyasat na isinagawa ng PNP Isabela, inakusahan si Ferrer ng pagdoktor ng listahan ng mga benepisyaryo sa kanyang barangay. Nadidiin din ang susppek dahil sa mga ulat at salaysay mula sa mga saksi at sa pagsusuri sa di umano'y manipuladong listahan ng mga beneficiaries ng SAP.

Dinakip rin si Mae Fajardo, isang Municipal Social Worker, kasama ni Ferrer dahil sa umano'y pagbabago niya ng opisyal na listahan ng tatanggap ng SAP. Kinasuhan si Ferrer ng paglabag sa Republic Act 3019 o Anti-Graft and Corrupt Practices Act at Article 171 ng Revised Penal Code dahil sa panghuhuwad ng mga pampublikong dokumento kasama si Fajardo.

Inatasan ng DILG ang publiko na tawagan kamakailan lamang ang PNP at hiniling ang National Bureau of Investigation (NBI) na bigyan ng prayoridad ang pagsisiyasat ng mga ulat ng graft and corruption sa pamamahagi ng SAP financial assistance sa komunidad. Iulat ang mga insidente ng katiwalian Hinimok ni DILG Undersecretary at Spokesperson Jonathan Malaya ang lahat na mag-ulat ng mga insidente ng "kaltas," "splitting," falsification, at iba pang mga tiwaling gawain ng mga lokal na opisyal sa pinakamalapit na istasyon ng pulisya o tanggapan ng DILG sa kanilang pamayanan. "Magandang simula na may 183 barangay officials na ang iniimbestigahan ng ating kapulisan. Ang ibig sabihin lamang nito ay alam na ng mga mamamayan ang kanilang responsibilidad at ang kanilang mga karapatan," sabi ni Malaya.

"Huwag kayong matakot. Tulungan ninyo kami na usigin ang mga tiwaling lider ng mga barangay na ito. Kakampi ninyo ang Pangulong Duterte, ang DILG, at ang kapulisan dito," aniya.

Sinabi ni Malaya na ang P30,000 pabuya ng Pangulo sa bawat kumpirmadong ulat ng katiwalian sa barangay ay isang katiyak na sinusupurtahan niya ang pag-aresto sa mga tiwali na ito.

"Ang P30,000 po na ito ay isang patunay na ang ating pamahalaan ay seryoso sa paghuli sa mga kurakot at tiwaling opisyal ng barangay," aniya. Hinikayat rin niya ang hotline 8888 para sa mga kaso ng graft at corruption laban sa mga barangay at lokal na opisyal. Sinabi rin niya na ang lahat ng mga istasyon at hotline ng DILG at PNP ay bumak upang tumanggap ng mga ulat mula sa mga tao. Source: dilg.gov.ph
