

PBBM pushes for improved localized healthcare

In line with the directive of President Ferdinand Marcos Jr to build more specialty hospitals in the country to bring specialty care services closer to the people, the Department of Health (DOH), in coordination with local government units, ramped up its efforts to capacitate the different regional and local hospitals and health-care facilities. Today, October 19, 2022, Health Officer-in-Charge visited Bicol Region General Hospital and Geriatric Medical Center (BRGHGMC), Bicol Regional Training and Teaching Hospital (BRTTH), and Bicol Medical Center's (BMC) 14 Specialty Centers that cater to different medical needs of the region.

The establishment of the Specialty Centers is

aligned with the Philippine Health Facility Development Plan (PHFDP) 2020-2040 which provides a clear investment roadmap and allocation framework for building healthcare facilities throughout the country based on the current and projected burden of diseases and the needs of the population. The PHFDP aims to promote efficiency and equity, as well as provide a service delivery model that is aligned with the Universal Health Care Act.

"The provision of specialty healthcare services through more specialty centers is part of Universal Health Care's promise to make healthcare services more accessible to every Juan and Juana, no matter where they are in the country. Alam natin

na dagdag pasanin sa bulsa ng ating mga kababayan ang dumayo sa malalayong syudad para makapagpagamot, kaya nagpapatayo ng karagdagang Specialty Centers sa mga lokalidad at nagsusulong ng primary care services," said the Health OIC.

From 2021, six (6) specialty centers namely Baguio General Hospital and Medical Center (BGHMC), and Southern Philippines Medical Center (SPMC) for cancer; and Mariano Marcos Memorial Hospital and Medical Center (MMHMC), Batangas Medical Center (BMC), Vicente Sotto Memorial Medical Center (VSMMC), and SPMC for neonatal services, were completed, increasing the total number of functional specialty centers in the country to 46. By 2025, the DOH targets to designate 329 specialty centers to increase access to Filipinos.

To this end, the DOH proposed a budget allocation of Php 2.52 Billion for 2023, as well as included a budget appeal for Php 2.34 Billion capital outlay for the establishment of specialty centers in the country.

"Nakita natin sa COVID-19 na posible nating ipaabot sa ating mga kababayan ang serbisyong pangkalusugan saan man sila basta't maglalaan tayo ng investments ayon sa klarong infrastructure development plan—ganito ang ginawa natin sa mga TTMs.

To further protect Filipinos from health risks and financial bur-

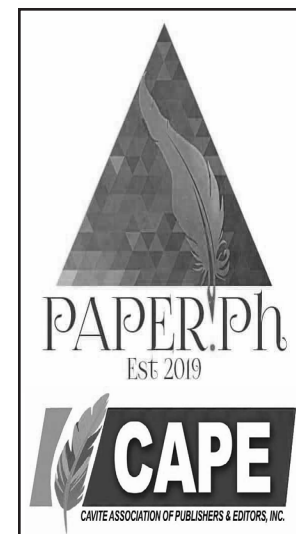

den, makakaasa kayo na ang DOH ay patuloy na makikipagtulungan sa mga ahensya, mambabatas, sa lahat rehiyon sa bansa at pribadong sektor, at ibang makabuo ng isang health-

care system that provides comprehensive and holistic healthcare services for all," expressed the Health OIC. Source: DOH

DILG urges LGUs to address 1.4m backlog on the VaxcertPH digital registration

Department of the Interior and Local Government (DILG) Secretary Benjamin "Benhur" C. Abalos Jr. today urged local government units (LGUs) to address the 1.4 million backlogs in the encoding of VaxCertPH, the government's official digital vaccination certificate program, in the Vaccination Information Management System (VIMS).

"This has long been an issue in our LGUs as we try to improve the inventory of Filipino citizens who have registered for Vax-

certPH. We implore our LGUs to work double time in addressing their backlogs in the VIMS," Abalos said. Abalos said that as of September 22, the VIMS, VaxCertPH's official central database, has a backlog of a total of 1,460,582

vaccination records of citizens. Of this number, he said, 334,317 were due to missing records; 308,386 were not recorded for lack of manpower; 243,300 due to late submission; 122,897 for incomplete data; 109,806 for missing data fields; 94,575 for operational and procedural issues; and, 75,831 due to issues with internet connections, among others.

He said that according to the Department of Information Communications Technology (DICT), lack of internet connection; lack of manpower in encoding; missing data and records; incorrect data and records; and, lack of response from LGUs are major causes of the said backlog. "Tuloy tuloy po ang ating kampanya sa pagpapabakuna kaya kailangang maitala na po ang vaccine records ng ating mga mamamayan upang hindi ito tumambak pa," the DILG Chief said.

Abalos said that now that VaxCertPH is among the most widely recognized vaccination certificates globally, recognized across 94 countries and territories, LGUs must ensure that their data is accurate and up-to-date. (Turn to page 2)

VaxCertPH is now accepted among the top trading, investment, tourism, and Filipino migrant destinations and partner countries of the Philippines.

Moreover, VaxCertPH is among the few vaccination certificates compliant with both Digi-

“Isa sa mga standard requirements ng maraming bansa ay proof of COVID-19 vaccination. Kaya naman napakimportante ng ating pag-implementation ng VaxCertPH dahil ito ay trusted, verifiable and internationally recognized,” Abalos said.

In an urgent DILG memorandum released recently, Abalos reminded all local chief executives (LCEs) and LGU VaxcertPH focal persons that vaccine records of all vaccinated individuals should be uploaded to the VIMS on the same day or within 24 hours of an individual’s inoculation. “Kasabay ng pagbabakuna ay dapat
